# LIFAN E3 45KPH FEATURES

## STYLISH DESIGN

MGB has designed an innovative vehicle capable of combining modern style and maximum functionality. An e-scooter in which the attention to detail is extreme: from the footboard to the saddle with a height of 740 mm and an underlying compartment of 18.9L to ensure maximum comfort and practicality; up to the LED lights, double disc brake and frame in carefully selected materials to ensure superior safety

## BATTERY PACK

E3 uses the latest-generation lithium-ion battery pack, with a capacity of 1440 Wh. The entire battery weighs only 9 kg. The battery can be recharged in just 6 hours to give up to 35 miles range. An intelligent battery, equipped with a BMS (battery management system) able to protect it from overcharging and excessive discharging

## ALLOY SWING ARM

This is a high specification machine with many small details like the Alloy swing arm that would only usually be found on higher priced machines

## DISC BRAKES

Hydraulic disc brakes both front and rear give great stopping power and a secure feeling

## DIGITAL DISPLAY

Clear and precise digital display gives you all the information you require

## LED LIGHTING

LED lighting all-round gives a clean modern look but also help to conserve power giving you the best range possible. It is also highly visible to other road users

## BOSCH Motor

The powerful BOSCH 1200w motor provides plenty of power

## **TWIN SHOCK REAR SUSPENSION**

Twin shock rear suspension gives a comfortable ride.

## **CUBBY AND SHOPING BAG HOOK**

Conveniently placed cubby for quick to hand items whilst on the move and a shopping bag hook for bags when you're out and about.

## **LED REAR LIGHTING**

Bright and clear LED lighting keeps you visible whilst on the road
